15th NSW Stem Cell Network Workshop: Stem Cells and Developmental Biology

The NSW Stem Cell Network is hosting a stem cell research workshop on **31st August, 2011** and we invite your involvement, to meet and share information with New South Wales' leading stem cell researchers.

Stem Cells and Developmental Biology

Identifying stem cell populations and understanding their regulation is a key area in modern biology, with potential applications in many fields of medicine. Recent findings indicate that adult cells can be induced to behave like embryonic stem cells, opening up further avenues of research in development and disease, and suggesting strategies for new regenerative therapies. This workshop aims to understand the value of how stem cells can help us comprehend our developmental biology.

Talks will range from pluripotency in embryo & stem cells, formation of mesoderm and development of eyes. A full program will be announced in the coming weeks. Please check the website for updates.

Details:

9:30am - 3:00pm, Wednesday, 31st August, 2011
Darlington Centre Conference Room, 174 City Road, Darlington NSW 2006
(University of Sydney, Darlington Campus)

Registrations:

A\$80 for Members/Adults, A\$40 for Students (Registrations close on Tuesday, 23rd of August, 2011)

To Register:

Please email stemcellinfo@stemcellnetwork.org.au with the following information:

- Number of attendees
- Names of the attendees
- Please specify if you are registering as a Professional or as a Student. (Student cards will be checked at entrance)
- An invoice will be emailed to you with the total amount payable.
- Please advise any dietary requirements when you register

Key Speakers

Prof. Richard Harvey
Victor Chang Cardiac Research Institute

Dr Michael Morris
University of Sydney

Dr Yoji Kojima
Children's Medical Research Institute

Dr Michael O'Connor
University of Western Sydney

Dr Stuart Fraser
University of Sydney

Dr Tim Thomas
Walter and Eliza Hall Institute

Dr Samir Taoudi
Walter and Eliza Hall Institute

Dr David Leobel
Children's Medical Research Institute

Our Proud Sponsors

Miltenyi Biotec
